## ABOUT ME

---

As a seasoned 36 years old software developer with almost a decade of experience, I have gained extensive exposure to various programming languages and technologies, including PHP, JavaScript and Git.

Throughout my career, I have consistently demonstrated a passion for coding, a strong work ethic, and an unwavering commitment to producing high-quality deliverables that meet or exceed client expectations. My track record of success and my ability to adapt to new challenges make me an ideal candidate for any software development role.
